

VOLTALL

WELCOME TO VOLTA

Since 2004, Volta has been a trusted name in elevator services, specializing in maintenance, modernization, and installation. Officially launched in 2024 in Dubai, Volta leverages over 20 years of industry experience to deliver cutting-edge elevator solutions that prioritize safety, comfort, and performance.

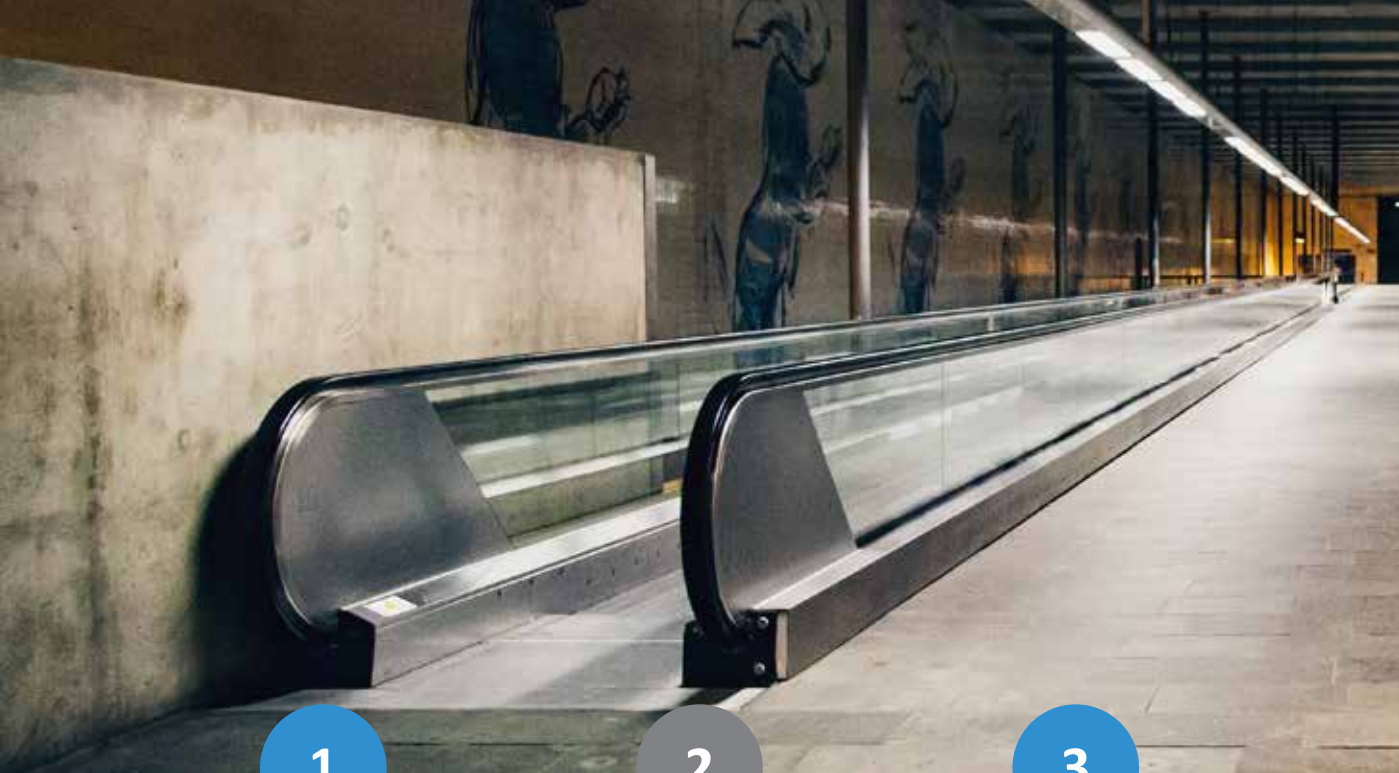

Expertise: Decades of hands-on experience in residential and commercial elevators.

Global Standards: ISO certifications ensure quality and safety.

Customer Focus: Tailored solutions to meet your unique project needs.

With Volta, you gain a reliable partner dedicated to elevating your projects with innovation and excellence.

1

Free Consultation & Initial Site Visit

We provide a complimentary consultation and site visit to assess your project's requirements. This ensures that you receive expert advice and customized solutions right from the start.

2

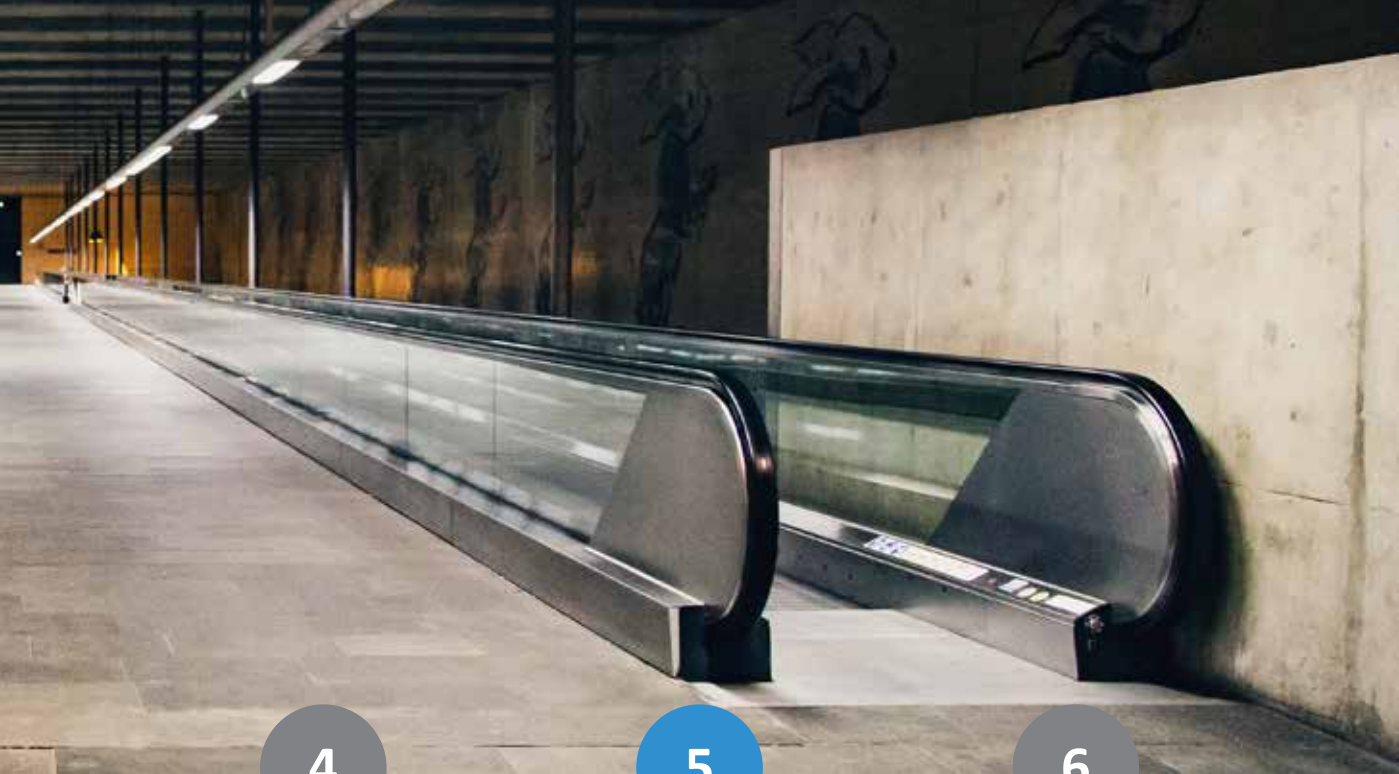

Fast and Efficient Installation

Time is of the essence in construction projects. Our team ensures quick and professional installation to help you stay on schedule without compromising on quality.

3

Comprehensive After-Sales Support

Our relationship doesn't end with installation. Volta provides reliable after-sales support, including maintenance services and prompt troubleshooting to keep your elevators running smoothly.

4

Uncompromising Quality & Safety

Our elevators are designed to meet the highest standards of safety, comfort, and performance, backed by ISO certifications and a commitment to excellence.

5

Cost-Effective Solutions

We understand the importance of balancing quality and affordability. Our elevators are competitively priced, ensuring you get the best value for your investment.

6

Industry Expertise You Can Trust

With years of experience in the elevator industry, Volta's team brings a wealth of knowledge to every project, ensuring reliable and innovative solutions tailored to your needs.

DELIVERY AND INSPECTION STAGES OF YOUR ELEVATOR

YOUR BENEFITS WITH VOLTA

When you choose Volta, you choose a partner who prioritizes your peace of mind. We make it simple, efficient, and stress-free to work with Volta. Our step-by-step process is tailored to your needs based on our years of experience to ease your mind from delivery and installation issues that may occur.

1. Free Inspection, Consultation, and Expert Advice

Comprehensive assessment of your project anywhere in the UAE to ensure the right choice for your needs.

2. Customized Plans and Calculations

Tailored blueprints and technical calculations for your project and building, prepared by Volta's technical managers (Free of charge).

3. Monthly Site Visits and Reporting

Monthly inspections, explanations of construction and civil issues, and submission of detailed performance reports (Free of charge).

4. Health Check for Old Buildings

A comprehensive health check report for all old buildings, including an official letter to evaluate and certify your elevator's standards (Free of charge).

5. Two Months of Free Maintenance Services

Complimentary services including lubrication, drive adjustments, panel tuning, and bolt tightening.

6. Warranty on Parts (2 to 10 Years)

Written warranties provided from reputable European and American manufacturers.

7. Accurate Cost Calculation

A complete and precise cost estimation form, covering all expenses from start to finish (Free of charge).

8. Contract Agreement

Formal contract signing for transparency and assurance.

9. Free Delivery of All Parts

Complimentary delivery of all parts to your storage, or safekeeping at Volta's warehouse until installation (Free of charge).

10. Expert Installation and Full Services

Installation and services provided by trained professionals with over 20 years of experience in elevator and escalator systems.

11. Weekly and Monthly Inspections

Regular inspections and expert consultations on construction-related issues from foundation to final delivery (Free of charge).

12. Customized Elevator Design

Customer's choice of decorations, colours, stainless steel, and all cabin materials.

13. Final Delivery with Certified Approvals

Complete delivery of the elevator, including official certification from the Standards Authority and a checklist compliant with European Standard EN81.

14. Completion

You've made the best choice for purchasing a safe elevator with the finest materials, superior installation, and the most competitive price.
